you've come to the realization that along with your growth, you need day-to-day support, but you can't afford the kind of money it would take to bring in the kind of quality you know it requires to keep your shop up and running.

we can provide many varieties of packages to suit your needs. we can set up retainer agreements for your company where in exchange for a commitment of a set number of hours per month support, you receive discounts, sometimes substantial, on your ongoing needs.

we provide this sort of service for several companies right now, and they have come to rely upon us as "their it department". contact us for a customized quote for your environment.

call us at 714.836.1191 for an immediate consultation or send us a quick email and we'll get back to you promptly (phone calls and pages will get a faster response, if it's a crisis situation).
